

## South College Annual Security Report September 2022

In 1990, the Higher Education Act of 1965 (HEA) was amended requiring post-secondary institutions to publish crime statistics and security information. In 1998, the act was renamed the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act in memory of Jeanne Clery, a university student who was killed in a dorm room in 1986. The intent of the Act is to increase the level of awareness the campus community has toward safety and security. The United States Department of Education requires educational institutions to provide security information to employees and students on an annual basis and to prepare an annual report.

The following is the Annual Security Report for South College. This report is compiled by designated campus officials and distributed to all students, faculty members, and staff members via assigned South College email by October 1 each year. The report is published by this date on the South College Website at <https://www.south.edu/student-resources/campus-security-information/>. A physical copy can be obtained upon request from the Department of Student Services. This report contains security policies, procedures, and guidelines, as well as crime statistics reported for 2021, 2020, and 2019.

### **General Information About South College**

The history of the college, the mission/purpose, a listing of programs available, accreditation information, and a description of the campuses are published in the South College Catalog. The Catalog can be accessed through the South College website at [www.south.edu](http://www.south.edu). Click on *Academics*, click on *Catalog and Calendars*, and then select the *South College Academic Catalog 2020-2022*.

### **Campus Locations**

South College's main campus is located at 3904 Lonas Drive, Knoxville, TN 37909. The Parkside Campus is located at 400 Goody's Lane, Knoxville, TN 37922. The Asheville Campus is located at 140 Sweeten Creek Road, Asheville, NC 28803. The Nashville Campus is located at 616 Marriott Dr., Nashville, TN 37214. The Atlanta Campus is located at 2600 Century Parkway, Atlanta, GA 30345. The Indianapolis Campus is located at 301 Pennsylvania Parkway, Indianapolis, IN 46280, and the Orlando Campus is located at 4901 Vineland Rd, Suite 140, Orlando, FL 32811.

### **Security Personnel**

South College has secured the services of off-duty police officers (Knoxville, Asheville, Atlanta, Indianapolis, and Nashville campuses) or security personnel hired by the building owner (Orlando) Monday-Friday during campus hours. The officers have the authority to order removal of any undesirable persons from the campus. Police officers have the authority to arrest anyone involved in

an illegal action on campus and areas immediately adjacent to the campus. Security officers immediately contact the local police force in relation to any illegal activity. On weekends, when the college is open and an officer is not on duty, the designated building coordinator has the authority to order removal of any undesirable persons from the campus and to contact the local police department or another appropriate law enforcement agency (an off-duty police officer is on campus during weekend hours at the Atlanta & Nashville campuses). All crimes that occur on South College property are reported to the appropriate law enforcement agency in a prompt and timely manner. South College and the security officers, in addition to having a relationship with local police departments, work closely with other law enforcement agencies (county, state, and federal). If a student violates the South College Student Conduct Standards and Regulations, the security officers and the building coordinators also report the student to the Director of Student Success/Affairs at the appropriate campus promptly and accurately. Possible disciplinary action may result.

A Security Agreement is in place for the Knoxville, Nashville, Atlanta, Asheville, and Indianapolis campuses regarding local off-duty police officers serving as security for the campuses and stated in the campus facility lease for the Orlando campus in relation to security guards.

### **Crime Logs**

Each campus maintains a Crime Log which is available for public review.

### **Security and Access to Campus Facilities**

During business hours, the college is open to students, employees, parents, contractors, guests, potential students, and visitors. During non-business hours, access to campus facilities is limited to those employees who have been issued an access card and have successfully completed training covering facility procedures. Any after-hours maintenance projects must be arranged with appropriate supervision by a campus employee. South College does not have any campus residences. The institution has security cameras both inside and outside of campus buildings and regularly monitors footage as needed.

Campus areas that are reported as problematic are reviewed by the Vice Chancellor of Student Services, Campus Presidents, Campus Deans, the Director of Administrative Services, and the Director of Administrative Services. Safety and security issues are also discussed by the Safety and Security Committee and the Leadership Committee.

South College has several recognized Student Organizations, but these organizations have no non-campus locations.

### **Learn More About Campus Safety and Security**

The South College Catalog and Student Handbook includes sections on student conduct and safety/security measures. Safety and Security information is posted on the South College Website (current student resources) and information is periodically provided through email, campus newsletters, and via electronic signage on campus. New students and new employees receive an overview on safety and security during orientation or onboarding. Information is made available to all students and employees upon request.

## How to Report Criminal Offenses or Security and Safety Concerns

South College endeavors to provide students and staff with a safe environment. Any occurrences of criminal action or of any emergency should be reported immediately and accurately to a security officer and to the Director of Student Affairs/Success at the appropriate campus. If an officer is not on duty or the Director of Student Affairs/Success is not available, go to the nearest college employee who will contact the proper authorities. Any suspicious activity or person seen in the building or in the parking lot loitering around vehicles should be reported to the security officer on duty. On weekends when the campus is open, suspicious activity should be reported to the designed building coordinator, normally located in the front reception area on campus. ### **Voluntary Confidential Reporting**

If you are a victim of a crime or a witness to a crime and do not want to pursue action within South College or the criminal justice system, you may still want to consider making a confidential report. With your permission, the college will file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. Please see one of the campus authorities listed within this document.

Professional counselors (South College does not have pastoral counselors), if and when they deem it appropriate, are encouraged to inform the persons they are counseling of the procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics. The counselors can refer the person to the South College officials noted above or to the local law enforcement agency to report a crime.

### **Timely Warnings**

The South College community will be notified using methods likely to reach members of the affected campus community when a serious or continuing threat to the institution's students and employees or their property is reported to South College security personnel or administration and occurs on the institution's campus or on public property immediately adjacent to a campus. South College works with local police departments regarding crime activity occurring in the campus area that may result in notification to the campus community or larger community.

In the event a situation arises and reported that in the judgment of the Vice Chancellor of Student Services or the associated Campus President/Dean (Asheville, Knoxville, Nashville, Atlanta, Indianapolis, Orlando campuses) constitutes an ongoing or continuing threat, an institution-wide or associated campus-wide "Timely Warning" will be issued. The warning will be issued through South College's notification system, *Omnilert*. This system allows for the warning to be disseminated to students and employees at select campuses or the entire institution as warranted.

All employees and students are automatically enrolled in the notification system. Email notifications are sent to the South College issued email addresses. Text messages are sent to the phone numbers listed on the student's academic record and for employees, the messages are sent to the contact numbers listed in their Paylocity Self Service Portal account. Employees and students may opt out of the text alerts at any time. When appropriate, the warning will also be issued through the college e-mail system to students and employees, published in a campus newsletter, and/or posted on the campus electronic message boards.

- A Timely Warning will be issued as soon as pertinent information is available and will not disclose the name or identifying information about any involved victim if applicable.
- The Warning will contain information about the associated incident to enable students and employees to protect themselves or their property and assist in the prevention of similar crimes. This information includes a brief description of the incident, the location of the incident and when it occurred, a description of any suspects and their injuries or use of

force, recommended actions that students and employees should take to help protect themselves or their property, and contact information for local authorities.

Timely Warnings will not include information that, in the professional judgement of institutional security personnel, will compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The decision as to whether to issue a Timely Warning is made on a case-by-case basis and based upon known facts relating to the issue, including the nature of the issue and potential risk to institutional students and employees. Timely Warnings are normally written by the Vice Chancellor of Student Services or the associated Campus President/Dean and sent through the Omnilert system (students, faculty, and staff). The notices may be distributed through the institution's social media accounts: Facebook: <https://www.facebook.com/southcollege>; Twitter: <https://www.twitter.com/SouthCollege>; Instagram: <https://www.instagram/south.college>

- Initiating the Emergency Notification System and Determining the Contents of an Emergency Notification – The South College personnel indicated above will gather the needed information regarding an emergency or dangerous situation to share with the identified segment of the campus community. Upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus or in the surrounding area, the Timely Warning will be sent by the Vice Chancellor of Student Services or the associated Campus President/Dean. A warning may also be sent out by the Vice Chancellor of Institutional Advancement and Effectiveness, the Chief Academic Officer, the Chief Administrative Officer, the Chief Operating Officer, or the Director of Administrative Support. The content of Timely Warning text and e-mail messages for most potential campus emergencies are pre-written and ready to be immediately sent. Employees with authority to send a warning have the authority to amend the content as needed based on the specific information. Warnings are usually short in nature and will be followed up on as needed with additional information and/or to indicate resolution.

If there is an immediate threat to the health or safety of students or employees occurring on campus, the institution will follow its **Emergency Response and Evacuation Procedures**.

### **Emergency Response and Evacuation Procedures**

South College will follow the following emergency response and evacuation procedures in response to a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. A Timely Alert will be sent to all members of the appropriate campuses should such an event occur. South College also works with local police departments regarding emergencies or crime activity occurring in the campus area that may result in notification to the campus community.

For communicable disease and pandemic (such as COVID-19) threats, South College manages potential outbreaks by monitoring and assessing the situation and making decisions to ensure the safety of the institution and its communities based on guidance from the Center for Disease Control (CDC) and the local community health departments. In addition to sending out Timely Alerts, South College utilizes a multi-modal approach to ensure communication accessibility of information to students, faculty, and staff. Information and updates are sent to all South College email accounts and are posted in the *Important Updates* section on the main page of the South

College website at [www.south.edu](http://www.south.edu) as needed. Additionally, health and safety guidance and training on communicable diseases is communicated to students via their South College email, via campus digital signage, and via campus newsletters. To help ensure physical safety, the campus buildings, including the labs, offices, restrooms, and classrooms, are cleaned and sanitized using commercial sanitizer machines. Multiple hand sanitizer stations are also available throughout each of the campuses. Other precautions may include requirements for wearing masks and social distancing efforts as applicable.

The South College Safety Manual is available on the South College website (<https://www.south.edu/consumer-information/student-services/>) and the Student and Faculty Portal and provides information on response to emergencies, including procedures for evacuation. The Manual provides detailed guidance as to contacts, actions, and procedures. South College provides regular training regarding these procedures. Tests of the procedures (at least annually) may be announced or unannounced.

The South College community is regularly reminded to review safety information via the campus digital signage and via campus newsletters.

### Evacuation

Campus evacuation drills are conducted regularly based on quarterly class schedules. The purpose of the drill is to prepare building occupants for an organized evacuation in case of fire or other emergency. Drills are used as practice and to familiarize students, faculty, and staff with exit locations and assembly areas and educate them on emergency procedures. Please note, the Atlanta Campus building is managed by a private company and the timing and frequency of fire drills may differ from other campuses. For example, tests in 2021-2022 were held at all campuses except the new Indianapolis and Orlando campuses. These drills occurred mid-day to early afternoon with some in the evening. The drills are unannounced except to senior administration. Records of such drills are maintained by the Chair of the Safety and Security Committee. Revisions to procedures are made based on performance during these drills.

### **Sheltering on Campus**

Sheltering inside the campus building may be the safest action depending upon the emergency. In the event of a tornado, active shooter, or hazmat spill, for example, proceed to the best available location. These locations are described in the Safety Manual. Below are some basic guidelines:

- If you are inside a campus building when directed to seek shelter, find the best available location within the building for shelter. If you are in the campus parking lot, proceed to the closest campus entrance as quickly as possible. Continue to monitor campus communications and do not exit unless directed.
- In the case of severe weather or other threats to the building's integrity, you should seek an interior room as low in the building as possible, preferably with no windows.
- For sheltering from hazardous materials release, seek shelter and shut off ventilation if possible and use available materials to seal windows and doors.
- Response to an active shooter event depends on where you are on campus in relation to the threat. Barricading in a room is a form of sheltering and the proper response for most of the campus.

**Summary of Communications**

South College strives to make timely notifications to the campus community regarding threats and emergencies, unless issuing a notification will, in the professional judgement of identified campus authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency or threatening situation.

South College strives to provide accurate information as quickly as possible to that the campus community can take precautions for safety. No matter the communication method, all individuals cannot be reached. This is why it is important to spread the word of any notification to others.

<b>Notification Method</b>	<b>Types of Uses</b>	<b>Warning Format</b>	<b>Responsible Parties</b>

## **Sexual Misconduct and Relationship Violence**

Information concerning options for reporting sexual misconduct (e.g., sexual assault) and relationship violence (e.g., domestic violence, dating violence, stalking) can be found in the South College Title IX Policy stated below.

South College provides written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and in the community.

South College encourages students, faculty, and staff to be active bystanders in the prevention of sexual and relationship violence. A bystander is defined as someone “who is present but not taking part of a situation or event” (<https://www.merriam-webster.com/dictionary/bystander>). South College promotes a campus environment of accountability and encourages bystanders to speak up and intervene to help prevent incidents. Below are some tips on how to be an active bystander:

- If you see something or someone who looks like they are in trouble, intervene in any way you can and ask if they are ok. Assist the person with leaving the situation, confronting the behavior, or getting help.
- Be direct and honest in your approach.
- Always keep yourself safe.
- Get help by reaching out to a staff or faculty member if you see something and don't feel comfortable intervening.
- If the situation escalates, contact the security officer, the Director of Student Affairs/Success or the nearest college employee who will contact the proper authorities.
- Educate yourself and your friends about interpersonal violence.

South College will provide written notification to victims about options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures. The institution must make accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to security personnel or local law enforcement. Additionally, victims' rights include the institutional responsibility to ensure the enforcement of orders of protection, no contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court or by the institution.

## **Sexual Misconduct (Title IX) Policy**

South College is committed to fostering an environment that is free from all forms of sex discrimination, including sexual harassment, as defined in 34 CFR §106 (et seq.) and explained below. The institution takes steps to increase awareness of sexual harassment, to thoroughly investigate reports of sexual harassment, and to take fair and appropriate actions as warranted. Creating a safe and non-discriminatory campus environment is the shared responsibility of all members of the South College community.

Consistent with Title IX of the Education Amendments of 1972, South College does not discriminate against students, faculty, staff, third parties, or applicants based on sex in any of its programs or activities, including but not limited to educational programs, employment, and

admission. Sexual harassment, including sexual violence, is a kind of sex discrimination and is prohibited by Title IX and by the institution. Individuals who engage in such conduct are subject to disciplinary action. This policy applies to all students, faculty, staff, third parties, and applicants regardless of sexual orientation or gender identity. Further, this policy applies to discrimination based on sex that involves an applicant, student, employee, or third-party affiliate against a student at any location in the United States, including campus/clinical/student teaching/practicum/internship/fieldwork site or any locations, events, or circumstances over which South College exercises substantial control over both the respondent and the context in which the harassment occurs, and also includes any building owned or controlled by a student organization that is officially recognized by South College.

Inquiries about the application of Title IX and this part may be referred to the Title IX Coordinator, to the Assistant Secretary of the U.S. Department of Education, or both.

Sexual harassment includes a broad range of behaviors that will not be tolerated in the South College's education programs or activities. The federal rules governing Title IX define sexual harassment broadly to include any of three types of misconduct on the basis of sex, all of which jeopardize the equal access to education that Title IX is designed to protect:

- any instance of quid pro quo harassment by a school's employee;
- any unwelcome conduct that a reasonable person would find so severe, pervasive, and objectively offensive that it denies a person equal educational access; or
- any instance of sexual assault (as defined in the Clery Act), dating violence, domestic violence, or stalking as defined in the Violence Against Women Act (VA WA).

Sexual harassment can occur between strangers, acquaintances, or people who know each other well, including those who are involved in an intimate or sexual relationship, and can be committed by anyone regardless of sex, gender, or gender identity. South College does not tolerate any form of sexual harassment.

Questions regarding Title IX and the Campus SaVE Act may be referred to the College's Title IX Coordinator or to the U.S. Department of Education's Office for Civil Rights.

### *Retaliation Prohibited*

Retaliation means taking any adverse action or attempting to take adverse action, including intimidating, threatening, coercing, or in any way discriminating against an individual for the purpose of interfering with any right or privilege secured by Title IX or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing.

Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or this policy, constitutes retaliation.

Complaints alleging retaliation may be filed according to the grievance procedures for sex

discrimination included herein.

The exercise of rights protected under the First Amendment does not constitute prohibited retaliation.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute prohibited retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Retaliation against any person who alleges a violation of the Sexual Harassment Policy or who reports or assists South College in the investigation of a complaint under this policy may result in disciplinary action up to and including termination or dismissal by South College. Retaliation against any person who is a respondent to an alleged sexual harassment violation is prohibited as well. South College will take steps to protect all parties from retaliation or harm and will work with the complainant to create a safety plan. Any alleged retaliation should be reported to the Title IX Coordinator or appropriate Deputy Title IX Coordinator.

## **Definitions**

### *Definition of Actual Knowledge*

Actual knowledge means notice of sexual harassment or allegations of sexual harassment to the College/Institute's Title IX Coordinator or to another designated South College official.

### *Definition of Complainant*

An individual who is alleged to be the victim of conduct that could constitute sexual harassment.

### *Definition of Respondent*

An individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

### *Definition of Consent*

**Consent** must be affirmative. Consent means a knowing, voluntary and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

- Consent to any sexual act or prior consensual activity between or with any party does not necessarily constitute consent to any other sexual act.
- Consent is required regardless of whether the person initiating the act is under the influence of drugs and or alcohol.
- Consent may be initially given but withdrawn at any time.
- Consent cannot be given when a person is incapacitated.
- Consent cannot be when it is the result of any coercion, intimidation, force, threat of harm.

When consent is withdrawn or can no longer be given, sexual activity must stop.

*Definition of Incapacitation*

Incapacitation (or incapacity), for purposes of this policy, is the state in which an individual's perception or judgment is so impaired that the individual lacks the cognitive capacity to make or act on conscious decisions. The use of drugs or alcohol can cause incapacitation. An individual who is incapacitated is unable to consent to a sexual activity. Engaging in sexual activity with an individual who is incapacitated (and therefore unable to consent), where an individual knows or ought reasonably to have understood that the individual is incapacitated, constitutes Title IX Sexual Harassment as defined by this policy.

*Definition of Supportive Measures*

Supportive measures mean non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the College/Institute's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The College must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the College/Institute to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

*Definition of Third Party*

Third party refers to any individual who is not a College/Institute student, a faculty member, or a staff member (e.g., vendors, alumni/ae, or local residents).

*Definition of Witness*

Witness refers to any individual who shares information relating to an allegation of prohibited conduct under this policy.

*Definition of Sexual Harassment*

Sexual Harassment means prohibited conduct on the basis of sex that satisfies one or more of the following:

- a. An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;
- b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity;
- c. Any form of sexual assault. "Sexual assault" means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation. Forcible sex offenses mean any sexual act directed against

another person, without the consent of the victim including instances where the victim is incapable of giving consent; these offenses include:

- a. Rape: The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
- b. Sodomy: Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
- c. Sexual Assault with an Object: To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
- d. Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
- d. Nonforcible Sex Offenses (Except Prostitution Offenses) means unlawful, nonforcible sexual intercourse; these offenses include:
  - a. Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law; or
  - b. Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.
- e. “Dating violence” means violence committed by a person-
  - a. who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors:
    - i. The length of the relationship.
    - ii. The type of relationship.
    - iii. The frequency of interaction between the persons involved in the relationship.
- f. “Domestic violence” includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.
- g. “Stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to— (i) fear for his or her safety or the safety of others; or (ii) suffer substantial emotional distress.

## **The Title IX Grievance Process**

### *Reporting Policies and Protocols*

South College is committed to responding promptly and effectively when it learns of any form of possible discrimination based on sex that involves an applicant, student, employee, or third-party affiliate against a student at any location, including campus/clinical/student teaching/practicum/internship/fieldwork site or any locations, events, or circumstances over which South College exercises substantial control over both the respondent and the context in which the harassment occurs, and also includes any building owned or controlled by a student organization that is officially recognized by South College. South College's Title IX Coordinator and Deputy Title IX Coordinators are responsible for overseeing all Title IX incidents reported to the institution and for implementation of this policy, including but not limited to, identifying and addressing any systemic gender-based harassment, discrimination, and sexual misconduct.

Allegations should be reported to the Title IX Coordinator or appropriate Deputy Title IX Coordinator using the [Sexual Harassment \(Title IX\) Incident Form](#) as soon as possible following the alleged incident of sexual harassment. All applicants, employees, students, and third parties can access the Sexual Harassment (Title IX) Incident Form on the South College Portal and on the South College website. ### *Reporting*

Although violations of this policy should be reported to the Title IX Coordinator or appropriate Deputy Title IX Coordinator, South College understands that from time-to-time other employees may learn of potential violations of this policy. South College has assigned certain employees' authority to institute corrective measures, and those employees are required to respond to any complaint of sexual harassment promptly, reasonably, and equitably including referring the complainant to the Title IX Coordinator to make a formal report, if the complainant opts to do so. The issue will be reported to the Title IX Coordinator or appropriate Deputy Title IX Coordinator using the Sexual Harassment (Title IX) Incident form. To the extent possible, the information reported will only be shared with the employees charged with handling the College's response to the report.

If the College receives a report of alleged sexual harassment by someone other than the complainant (e.g., friend or roommate, resident advisor) or from an anonymous source, the College's Title IX Coordinator will promptly notify the complainant of the report, and inform the complainant of the available resources and assistance, and will follow the process outlined in this policy.

The following employees (or categories of employees) are authorized by the College to institute corrective measures:

- Institutional Leadership: Vice Chancellor of Institutional Advancement and Effectiveness, Vice Chancellor of Student Services, and Chief Academic Officer
- Dean of Academic and Student Services
- Director of Student Success/Affairs
- Vice President of Talent Management and Human Resources (for employees)

### *Confidentiality*

South College encourages complainants of sexual harassment to talk to somebody about what happened so that complainants can get the support they need, and so that South College can respond appropriately. Different employees on campus have different abilities to maintain a complainant's confidentiality.

### Professional Counselors

Professional, licensed counselors who provide mental-health counseling to members of the school community (and including those who act in that role under the supervision of a licensed counselor) are not required to report any information about an incident to the Title IX Coordinator or appropriate Deputy Title IX Coordinator without a complainant's permission. These counselors will provide information to the College if there is a serious threat to the safety of students and employees.

### Determining Confidentiality

If a complainant discloses an incident to an authorized employee but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted or disciplinary action taken, the institution will weigh that request against its obligation to provide a safe, non-discriminatory environment for all students, including the complainant. If the request for confidentiality is honored, a complainant must understand that the institution's ability to meaningfully investigate the incident and pursue disciplinary action against the alleged perpetrator(s) may be limited. Although rare, there are times when the College may not be able to honor a complainant's request in order to provide a safe, nondiscriminatory environment for all students. All requests for confidentiality will be determined by the Title IX Coordinator.

### Release of Information

South College will otherwise keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Education Rights and Privacy Act (FERPA), or as required by law, or to carry out the purposes of Title IX and this policy, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

### *Supportive Measures for Reported Complainants of Sexual Harassment*

When South College learns of any form of possible discrimination based on sex, the Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures (with or without the filing of a formal complaint), and explain to the complainant the process for filing a formal complaint. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Supportive measures may also include informing the complainant(s) of the right to report a crime to campus or local law enforcement and provide the complainant(s) with assistance if determination is made to do so.

### *Emergency Removal of Respondent*

If upon receiving a report of sexual harassment, the College undertakes an individualized safety and risk analysis, and determines that an immediate threat to the physical health or safety of

any student or other individual arising from the allegations of sexual harassment justifies removal, a respondent may be removed from the College's education program or activity on an emergency basis. The College will provide the respondent with notice and an opportunity to challenge the decision immediately following the removal.

#### *Administrative Leave of Respondent Non-Student Employee*

The College may place a non-student employee respondent on administrative leave during the pendency of a grievance process.

#### *Formal Complaint Process*

"Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the recipient investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the recipient with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator. As used here, the phrase "document filed by a complainant" means a document or electronic submission (such as by email) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint.

South College will send written notice to both parties (complainant and respondent) of the allegations upon receipt of a formal complaint. In the written notice, South College will include notice of the College's grievance process, including any informal resolution process, the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice will also inform the parties that they may have an advisor of their choice, who may be, but is not required to be, and may inspect and review evidence. The written notice will also inform the parties of any provision in South College's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

#### *Informal Resolution Process*

In some cases, the parties may feel that a situation can be remedied without going through the formal investigation and hearing process. If the parties both give voluntary, informed, written consent to attempt informal resolution, the Title IX Coordinator and appropriate Deputy Title IX Coordinator will work with the complainant and respondent to determine a resolution to the complaint. A complainant may also request to go through the Informal Resolution Process after a formal investigation has been completed. South College will allow an informal complaint to proceed only if the potential remedies to the alleged misconduct do not involve the possibility of serious disciplinary action (e.g., suspension or dismissal). Informal resolution process is not available if the allegations relate to an employee sexually harassing a student.

The informal resolution process is a voluntary, remedies-based process designed to provide parties with an option to resolve disputes with other students in a forum that is separate and distinct from the College's formal grievance processes under the Title IX Sexual Harassment policy. The purpose of the informal resolution process is to address the conduct which has been reported by the

complainant, and place the parties in a position to pursue their academic and non-academic interests in a safe, respectful, and productive educational and working environment. Under this process, there will be no disciplinary action taken against a respondent, and the resolution will not appear on the respondent's disciplinary record.

The College will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of Title IX sexual harassment. Similarly, the College will not require, encourage, or discourage the parties from participating in the informal resolution process. The College will not offer the informal resolution process unless a formal complaint is filed.

At any time, either party may elect to transition the proceedings to the Formal Complaint Process.

#### *Conflict of Interest*

All individuals who have responsibilities in administering the grievance process under this policy must be free of any conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent and will be trained as provided by federal regulations. Parties will be notified at the appropriate junctures of the identities of the individuals serving as investigators, Title IX Conduct Committee members, and Appeal Panel members. A party who has concerns that one or more of the individuals performing one of the aforementioned roles has conflicting interest or is biased must report those concerns to the Title IX Coordinator within 48 hours of being notified of their identities and include a brief explanation of the basis for the conflict or bias concern. The Title IX Coordinator will assess the allegations of conflict or bias to determine whether or not the identified individual(s) can fulfill their duties in an impartial way. If the Title IX Coordinator concludes that the facts and circumstances support the claim of conflict or bias, the pertinent individual(s) will not participate in the case.

#### *Formal Investigation*

Once South College is aware of a reported incident of sexual misconduct, the Title IX Coordinator will notify the parties in writing of the initiation of the investigation, and will assign an investigator to conduct an investigation of the complaint, and to gather evidence to determine if the allegation(s) meet the definition of sexual harassment as outlined in this policy. The results of the investigation will be submitted to the Title IX Conduct Committee.

The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility for a violation of this policy rest on South College and not on the parties.

#### *Notice of Investigation*

Following the receipt and review of the formal complaint by the Title IX Coordinator, and it being determined that the matter properly falls under this Title IX/Sexual Harassment policy, the parties will be informed in writing of the initiation of the investigation. The written information shall include:

- The identities of the parties, if known.
- A concise summary of the alleged conduct at issue (including when and where it occurred, if known).

- Notice of the allegations potentially constituting Title IX Sexual Harassment.
- A statement that the respondent is presumed not responsible and that a determination regarding responsibility is made at the conclusion of the grievance process.
- A statement informing the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney.
- A statement informing the parties that they may request to inspect and review evidence.
- A statement informing the parties that knowingly making false statements or knowingly submitting false information during the grievance process may constitute a violation of College/Institute policy.
- Information regarding the applicable grievance procedures, including the informal resolution process.
- If, during the investigation, additional information is disclosed that may also constitute prohibited conduct under this policy, the respondent and complainant will be informed in writing that such additional information will be included in the grievance process.

#### *Investigation Guidelines*

The following guidelines will govern an investigation:

- Title IX investigations should be concluded within (60) days of receipt of a report, unless there are extraordinary circumstance in which a longer period will be permitted. Both the complainant(s) and the respondent(s) will be notified in writing should an extension be required.
- South College will provide both complainants and respondents written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate.
- Both parties will be given the opportunity to inspect and review any evidence obtained in the investigation that directly pertains to the allegations. Each party will have 10 days to submit a written response to the Title IX Coordinator, which will be considered prior to the completion of the investigative report.
- The final investigative report will be provided to both parties and the party's advisor for their review and written response at least 10 days prior to the hearing.
- If the investigation results indicate that the complaint should not proceed to a review by the Title IX Conduct Committee, for the reasons set forth below, both parties (complainant and respondent) will be informed in writing within (14) business days of the decision that the complaint was dismissed without further proceedings and the reasons therefor. Should the complainant wish to appeal this decision, he/she should follow the Appeal Process listed in the last section of this policy.

- South College must dismiss a formal complaint if the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the College's educational program or activity, or did not occur against a person in the United States.
- South College may dismiss a formal complaint or any allegations therein, if at any time during the investigation or hearing: a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled or employed by South College; or specific circumstances prevent the recipient from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein. In the case of such a dismissal, South College will inform both parties in writing within (14) business day of the decision and the reasons therefor. Should the complainant wish to appeal this decision, he/she should follow the Appeal Process listed in the last section of this policy.
- If the investigation results indicate that a complaint should proceed to a review by the Title IX Conduct Committee, both parties (complainant and respondent) will be informed within (14) business days of the decision. The formal, live hearing by the Title IX Conduct Committee will then occur within (14) business days of the notification. The final investigative report will be provided to both parties and the party's advisor for their review and written response.

While not required, each party may choose an advisor (attorney or otherwise) at his/her own expense to assist during the investigation and hearing process. If a party does not have an advisor present at the live hearing, the South College will provide, free of charge, an advisor of the school's choice who may be, but is not required to be, an attorney in order to conduct cross-examination on behalf of that party.

While the advisor may be present, s/he cannot verbally participate in the investigation process but will be permitted to participate in the live hearing. All statements and testimony must come solely from the parties and their witnesses. If the desired advisor is an employee of the institution, the Title IX Coordinator may determine that there is a conflict of interest and require that an alternative advisor be used.

At least (3) business days prior to the hearing, both the complainant and the respondent will schedule a pre-hearing consultation with the Title IX Coordinator and/or appropriate Deputy Title IX Coordinator to discuss the issues and facts that will likely be presented at the hearing, submit written questions for the opposing party, provide any witness or advisor information, ask procedural questions, submit a written statement, and submit evidence to be presented during the hearing if desired.

The following guidelines will govern the Title IX Conduct Committee:

- The Title IX Conduct Committee will be composed of a minimum of three trained South College officials.
- The Title IX Conduct Committee will be unbiased, charged with reviewing all evidence objectively, and will not make credibility determinations based on an individual's status as a complainant, respondent, or witness.

- The parties will receive the names of the Committee Members in advance of the hearing and will have (2) business days to object to the membership based on alleged bias or conflict of interest. The Title IX Coordinator and appropriate Deputy Title IX Coordinator will jointly decide the merits of the objection and will replace a Committee Member if necessary.
- An audiovisual recording or transcript of the hearing will be available to the parties for inspection and review.
- The decision of the Committee will be based on a preponderance of evidence standard (i.e., “more likely than not”).
- The Title IX Coordinator and/or appropriate Deputy Title IX Coordinator will deliver the investigation report and be present throughout the hearing but will not act as a Committee Member and is not a decisionmaker at the hearing.
- The Chair of the Committee will be selected by the Committee Membership. The Chair will ask questions submitted by the parties and may rephrase or omit them based on professional judgement. All Committee Members may ask questions, the Chair may rephrase or filter if necessary.
- The parties, through their advisor if requested, may also be allowed to ask relevant questions at the discretion of the Chair. If a question is deemed not relevant, the Chair will explain the decision to exclude a question as not relevant.
  - Each party’s advisor may ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination must be conducted directly, orally, and in real time by the party’s advisor of choice and never by a party personally.
  - Questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant unless offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent.
  - If a party of witness does not submit to cross-examination at the live hearing, the Committee must not rely on any statement of that party or witness in reaching a determination regarding responsibility, but the Committee cannot draw any inferences regarding responsibility based solely on the absence or refusal to answer cross-examination or other questions.
- In all cases, whether the respondent is present or not, the evidence in support of the allegations shall be presented and considered. Should the respondent fail to appear for the hearing, a plea of “not in violation” shall be recorded for the respondent’s behalf and the hearing will proceed.
- In all cases, the respondent shall not be deemed responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
- Either the complainant or respondent may request to participate in the proceedings via video conferencing. Participation via telephonic conferencing alone is not allowed. At the request of either party, the Committee will provide for the entire live hearing to occur with the parties located in separate rooms with technology enabling the parties to see and hear each other in real time.
- The complainant and the respondent have the right to hear all evidence, present evidence, testify, and have their advisors question witnesses. All initial questions for witnesses must be submitted by the complainant and respondent prior to the hearing; the Title IX Conduct Committee Members determine if the questions are appropriate and control the questioning.

- After the hearing, the Committee will determine by majority vote whether a violation of the Title IX policy has occurred and will notify both parties of the decision reached on each allegation, and the supporting rationale for each, in writing within (14) business days.
- If it is determined that a violation has occurred, both parties will have (3) business days from the time they receive the Committee's written decision to submit a written impact statement if they choose. An impact statement allows the parties to express what penalty they feel is deserved and what impact that might have on them.
- Within (14) business days of receiving the impact statement(s), the Committee will simultaneously notify all parties in writing of the Committee's findings, remedies provided, and sanctions imposed, if any, and information about how to file an appeal.

#### *Extensions for Good Cause*

The timeframes and deadlines listed in this Policy may, for good cause, be extended or otherwise modified by South College. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

#### *Remedies to Complainants*

Following a determination that a violation of this Title IX policy has occurred, remedies may be provided to complainant. Available remedies may include the same services listed above as Supportive Measures.

#### *Sanctions for Sexual Harassment*

The following sanction(s) may be imposed upon any individual student found to be in violation of this policy. Following a determination that a violation of this Title IX policy has occurred:

- Issuance of a formal, written warning and reprimand (status of probation may be imposed)
- Issuance of a suspension or a required leave of absence for a period of time, contingent upon the student meeting specified conditions
- Dismissal from the college without possibility of re-admission

In cases of third parties and employee sanctions, South College will take prompt and effective action to stop the harassment and prevent its recurrence upon notice of the harassment. The sanctions taken by South College will differ depending on the level of control that the College has over the third party. For employees, the following sanction(s) may be imposed upon any individual employee found to be in violation of the South College Employee Handbook/Title IX rules:

- Issuance of a verbal warning
- Requirement of training
- Issuance of a suspension (with or without pay), contingent upon the employee meeting specified conditions for returning
- Issuance of a written warning with formal counseling (status of probation may be imposed)
- Termination of employment

#### *Appeal Process*

Should the complainant and/or respondent wish to appeal the decision of the investigation, or the decision of the Title IX Conduct Committee, an appeal must be submitted within (7) business days of delivery of the decision. The appeal must be in writing and submitted to the Vice Chancellor of Institutional Advancement and Effectiveness. The appeal may be filed on the following bases: to

determine whether the investigation or hearing was conducted fairly and in conformity of the procedures, if new evidence that was not available at the time of the determination that could affect the outcome, or if the Title IX coordinator, investigator(s), or Title IX Conduct Committee members had a conflict of interest or bias against the complainant or respondent that affected the outcome. An appeal received that does not address one of these areas will be dismissed without further consideration. A complete review of the appeal will be made by the Vice Chancellor within (14) business days after receipt of the appeal and additional information. In the event an extension is needed for this review, the individual making the appeal will be notified. A written decision will be issued to the respondent, complainant, and the Title IX Coordinator and/or Chair of the Title IX Conduct Committee.

### **South College's other Title IX Obligations**

#### *Training*

The College will either provide appropriate training, or ensure appropriate training is provided by a qualified third party, to the Title IX Coordinator and Title IX Deputies, investigators, Title IX Conduct Committee members, Appeal Panel members, and any individual who facilitates the informal resolution process. Such training will cover the definition of Title IX Sexual Harassment, the scope of the College's education program or activity, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes under this policy, as applicable, and how to serve impartially, including by avoiding prejudice of the facts at issue, conflicts of interest, and bias.

The College will ensure that Title IX Conduct Committee members receive training on any technology to be used at a hearing and on issues of relevance of questions and evidence, including questions and evidence about the irrelevancy of complainant's sexual predisposition or prior sexual behavior. The College will ensure that investigators receive training on issues of relevance in order to create an investigative report that fairly summarizes relevant evidence. These training materials are publicly available on the College's website and will be made available for in-person review upon request. In addition, College officials with responsibilities under this policy will receive training related to intersectionality.

#### *Recordkeeping*

South College will maintain for a period of seven years records of:

- Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript of the hearing, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the recipient's education program or activity.
- Any appeal and the result therefrom.
- Any informal resolution and the result therefrom.
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process. A recipient must make these training materials publicly available on its website, or if the recipient does not maintain a website the recipient must make these materials available upon request for inspection by members of the public.

For each South College response required under Title IX, South College will create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in

response to a report or formal complaint of sexual harassment. In each instance, the College will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the College's education program or activity. If the College does not provide a complainant with supportive measures, then the College will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the College in the future from providing additional explanations or detailing additional measures taken.

#### *Modification and Review of Policy*

The College reserves the right to modify this policy to take into account applicable legal requirements or extraordinary circumstances. At regular intervals, the College will review this policy to determine whether modifications should be made.

#### **Violence Against Women Act (VAWA)**

On March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA) ([Pub. Law 113-4](#)). Among other provisions, this law amended section 485(f) of the Higher Education Act of 1965, as amended ([HEA](#)), otherwise known as the Clery Act ([20 U.S.C. 1092\(f\)](#)). These statutory changes require institutions to compile statistics for certain crimes that are reported to campus security authorities or local police agencies including incidents of sexual assault, domestic violence, dating violence, and stalking.

The Clery Act requires annual reporting of statistics for various criminal offenses, including forcible and non-forcible sex offenses and aggravated assault. VAWA's SaVE Act provision adds domestic violence, dating violence, and stalking to the categories that, if the incident was reported to a campus security authority or local police agency, must be reported under Clery. Parsed for clarity, these offenses are defined:

1. ***Domestic violence*** includes asserted violent misdemeanor and felony offenses committed by the victim's current or former spouse, current or former cohabitant, person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence law.
2. ***Dating violence*** means violence by a person who has been in a romantic or intimate relationship with the victim. Whether there was such relationship will be gauged by its length, type, and frequency of interaction.
3. ***Sexual Assault/Sex Offenses*** means any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable.
4. ***Stalking*** means a course of conduct directed at a specific person that would cause a reasonable person to fear for her, his, or others' safety, or to suffer substantial emotional distress.

The provision adds "national origin" and "gender identity" to the hate crime categories, involving intentional selection of a victim based on actual or perceived characteristics that must be reported under the Clery Act. The provision requires with respect to the "timely reports" the Clery Act mandates for crimes considered a threat to other students and employees, that victims' names be withheld.

The crimes listed in Tables 1 through 6 above, plus any other crimes involving bodily injury reported to local police agencies or to a campus security authority that manifest evidence that the victim was intentionally selected because of the victim's actual or perceived race, gender, gender identity, religion, sexual orientation, ethnicity, national origin or disability, are listed in Tables 3 and 4 above according to the type of criminal offense and category of prejudice. Should a hate crime be reported, it will be identified by hate crime category (race, gender, religion, etc.).

#### *FBI's Uniform Crime Reporting Definition of Rape*

In December 2011, FBI Director Robert S. Mueller, III, approved revisions to the Uniform Crime Reporting (UCR) Program's 80-year-old definition of rape. As approved, the UCR Program's definition of rape is "Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim." The revised definition is the collaborative effort of the FBI's Criminal Justice Information Services (CJIS) Advisory Policy Board (APB), which is made up of representatives from all major law enforcement organizations, and staff from the national UCR Program with input from the Office of the Vice President of the United States, the Department of Justice's Office on Violence Against Women, and victim advocacy groups, such as the Women's Law Project.

#### *Consent Definition*

Voluntary acquiescence refers to the act or result of reaching an accord; a concurrence of minds; actual willingness that an act or an infringement of an interest shall occur (West's Encyclopedia of American Law, ed.2, 2008). In the context of rape, submission due to apprehension or terror is not real consent; there must be a choice between resistance and acquiescence. If a person resists to the point where additional resistance would be futile or until his/her resistance is forcibly overcome, submission thereafter is not consent.

#### *In the event a Sexual Offense Occurs*

- The student involved in the assault may contact any member of the college faculty or staff or security personnel, who will contact the Chief Student Services representative on campus. The representative will take immediate action to obtain medical assistance and contact the appropriate Police Department. The student may choose to notify the police him/herself.
- Allegations should be reported to the appropriate Title IX Coordinator or Deputy Coordinator who will ensure that a proper investigation is conducted.
- It is important to preserve all evidence as it may be necessary to prove the criminal sexual assault. Therefore, care will be taken to maintain any necessary evidence.
- A staff member will accompany the student to the hospital for medical treatment. If the student wishes, an appointment with a counselor will be made. The Safe Haven Center or other counseling and mental health resources in the community are also available and the Director of Student Affairs/Success or Dean of Academic and Student Services will assist the student in finding appropriate care.
- In the event another student is accused of the offense, the incident will be referred and handled by the Title IX Coordinator or Deputy Coordinator. The procedures under Student Conduct Standards and Regulations will be followed. Should circumstances warrant, the Vice Chancellor of Student Services or Campus Dean may temporarily or permanently dismiss the accused. Both the accuser and the accused are entitled to the same opportunities to have the other(s) present during a formal hearing as described in the above Title IX

Policy. South College will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense.

- It is also recommended that victims refer to the *Resources for Victims of Sexual Misconduct* section of this report for resources, including counselors who can provide support and assistance.
- The victim of an alleged sexual assault incident may request changes in academic situations (class scheduling). Every effort will be made to assist the student.

#### *Protective Measures the College May Offer Following an Allegation of Dating Violence, Domestic Violence, Sexual Assault, or Stalking*

In situations that require immediate action because of safety or other concerns, South College takes reasonable administrative action that is appropriate. Examples of such interim actions include, but are not limited to:

- Providing an escort to ensure that the complainant can move safely between classes and activities;
- Ensuring that the complainant and respondent do not attend the same classes;
- Providing access to counseling services;
- Providing academic support services, such as tutoring; and
- Arranging for the complainant to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the complainant's academic record.

These remedies may be applied to one, both, or multiple parties involved. Student respondents may be placed on interim suspension under the appropriate circumstances pending the outcome of the investigation. Employee respondents may be, consistent with Human Resource policies, placed on administrative leave pending the outcome of the matter.

#### *Disciplinary Sanctions for Violating the College Sexual Misconduct Policy*

Subject to federal law, state law, and TBR policies, the following sanctions may be imposed by the institution following the results of any institutional disciplinary proceeding for an allegation of dating violence, domestic violence, sexual assault, or stalking:

- Restitution
- Warning
- Reprimand
- Service to the institution or community
- Specified educational/counseling program
- Apology
- Fines
- Restriction upon privileges
- Probation
- Suspension
- Expulsion
- Revocation of admission, degree, or credential
- Interim suspension

- Suspension of employment
- Termination of employment
- Demotion
- Termination of tenure status
- Other sanctions as deemed appropriate by the institution

#### *Criminal Activity Occurring Off-Campus*

When a South College student or employee is involved in an off-campus offense, the law enforcement agency responsible for the area where the crime occurred handles the investigation. With the implementation of the *Violence Against Women Act*, a victim should also inform a campus authority (preferably the Vice Chancellor of Student Services, Campus Dean, or the Director of Student Affairs/Success) of the incident. The college will need to report such incidents in the annual Campus Safety and Security Survey. The victim is never identified in the survey. South College maintains a close working relationship with local Police Departments and cooperates fully when violations of federal, state, or local laws occur. South College operates no off-campus housing or off-campus facilities for student organizations.

#### *Disciplinary Proceedings*

South College will provide a prompt, fair, and impartial disciplinary proceeding in cases of alleged dating violence, domestic violence, sexual assault, or stalking. All complaints of sexual misconduct shall be presented to the Title IX Coordinator for investigation and appropriate disposition. Attending officials will be appropriately trained and will not have a conflict of interest or bias for or against the accuser or the accused. The accuser and the accused will have equal opportunities to have others present, including an advisor of their choice. The accuser and the accused will receive simultaneous notification, in writing, of the result of the proceeding and available appeal procedures. The college will conduct the proceeding in a reasonably prompt time frame. The accuser and the accused will be given timely notice of meetings at which one or the other or both may be present. The accuser, the accused, and appropriate officials will be given timely and equal access to information that will be used during disciplinary meetings and hearings. "Proceeding" is defined as the actual hearing as described in this paragraph. "Result" is defined as the determination made by the presiding officials. *Compliance with these provisions does not constitute a violation of Section 444 of the General Education Provisions Act (20 U.S.C. 1232g), commonly known as the Family Educational Rights and Privacy Act of 1974 (FERPA).*

#### *Retaliation*

The College, its officers, employees, or agents are strictly prohibited from retaliating, intimidating, threatening, coercing, or otherwise discriminating against any individual for exercising their rights or responsibilities under any provision of this policy. Retaliation will result in disciplinary measures, up to and including termination or expulsion.

#### **Safety Programs**

Educational presentations are offered at various times throughout the year through provided links and in selected classes/activities to encourage students and employees to be responsible for their own safety. Topics include personal safety on and off campus, date rape, drug and alcohol abuse, and other related issues. Safety and security are also discussed during the orientation to South College and in onboarding for new employees. Additionally, crime prevention awareness articles and safety tips are included in issues of the campus newsletters (*Southern Digest, The Times, The*

*Nashville Note, the Online Opus, The Peachtree Post, and the Indy Info*). The Safety and Security Committee, working with the security officers, facilitates in-services to employees on topics such as reacting to critical incidents appropriately. A common theme of all awareness and crime prevention presentations and in-services is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

#### Assistance for Victims of Sexual Misconduct: Rights and Options

- Regardless of whether a victim elects to pursue a criminal complaint, the College will assist victims of sexual misconduct and will provide each victim with a written explanation of her/his rights as a member of the College.
- Additionally, in the court system, a victim of domestic violence, dating violence, sexual assault and stalking has the following rights: the right to confer with the prosecution, right to be free from intimidation, harassment and abuse throughout the criminal justice system, the right to be present at all proceedings where the defendant has the right to be present, the right to be heard, when relevant, at all critical stages of the criminal justice process as defined by the General Assembly, the right to be informed of all proceedings, and of the release, transfer or escape of the accused or convicted person, the right to a speedy trial or disposition and a prompt and final conclusion of the case after the conviction or sentence, the right to restitution from the offender and the right to be informed of each of the rights established for victims. - The College does not publish the name of crime victims nor maintain identifiable information regarding victims in the incident report or in the release of timely warnings.

#### Resources for Victims of Sexual Misconduct

The resources listed below are not exhaustive or limited to victims who wish to make an official report or participate in an institutional hearing, police investigation or criminal prosecution. However, in cases where a victim wishes to maintain complete confidentiality, the victim should carefully review the Determining Confidentiality section listed above in the Sexual Misconduct (Title IX) Policy related to the limits on the College's ability to maintain confidentiality.

### Awareness Programs

South College provides information on culturally relevant, inclusive prevention awareness programs, some of which can be found in the above listings under *On-line Resources*. The college prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking as outlined within this document. South College will also provide ongoing prevention and awareness campaigns for students and employees. These programs will be communicated via e-mail and through the newsletter publications at each campus.

### Be ALERT At All Times

Ask strangers on campus if you can help them.

Learn the best ways to evacuate from your campus location.

Engage others in safety discussions.

Report suspicious persons and activities to the security officer.

Take time to plan and prepare for a crisis situation.

### Safety Tips

Each student and employee must be alert for his/her own welfare, as well as that of others. To improve the overall security of the campus, please follow these suggestions.

- Do not leave purses, books, or other personal possessions unattended.
- When parking on campus, lock vehicles. Do not leave items such as cell phones, laptop computers, or other valuables in parked cars where they are visible. Lock valuables in the vehicle's trunk.
- Walk in pairs on campus after dark and be aware of your surroundings. Have your car keys ready and in your hand before you reach your vehicle
- Don't allow technology to make you unaware of your surroundings.
- Direct or escort unfamiliar persons to the reception desk or to the security officer.
- Notify staff or security if anyone is behaving in a suspicious manner and report any such behavior to a South College employee or security officer immediately.

### **Drug/Alcohol Free School Policy (Drug and Alcohol Abuse Prevention Program)**

The following provides information on drug and alcohol use including health risks, legal sanctions, federal drug sanctions, treatment resources, prevention education and assistance resources and other related information.

It is the policy of South College to maintain a safe and healthy environment for its students and employees. Thus, the unlawful manufacture, distribution, dispensation, possession, or use of drugs or alcohol is prohibited on any South College campus, in any of the college's buildings, or as a part of any college-related activities (such as field trips, internships, or social activities). Any student or employee who is intoxicated or under the influence of any drug or controlled substance is in violation of the South College Drug/Alcohol Free Campus Policy and subject to disciplinary action. Additionally, illegal use of drugs or alcohol is a violation of local, state, and federal laws. If any of these violations do occur, further disciplinary action may occur in the form of immediate dismissal from South College whether student or employee, and/or mandatory counseling or rehabilitation by an appropriate agency. Students with issues regarding drug or alcohol use are encouraged to make an appointment with the Director of Student Affairs/Success for counseling information and/or referral to an appropriate program that can provide assistance. Employees with issues in this area are encouraged to discuss assistance programs with the Human Resources administrator.

In keeping with section 120(a) through (d) of The Higher Education Act of 1965, as amended, including the Drug-Free Schools and Communities Amendments of 1989 (Public Law 101-226), information is provided to all students, faculty, and staff of South College. Pursuant to federal and state drug laws, students are prohibited from the unlawful manufacture, distribution, possession, sale or use of illicit/illegal drugs. South College prohibits underage drinking. These prohibitions apply while on school property or when participating in any institutional activity. Students or

employees who violate this policy will be subject to disciplinary action up to, and including expulsion from school or termination of employment, and referral for prosecution.

South College is committed to providing a drug- and alcohol-free learning and working environment. The institution cares for the well-being, health and safety of our students and employees and is committed to educating students and employees about the dangers of the use and abuse of alcohol and other drugs. In order to meet compliance with DFSCA, South College has adopted and implemented a proactive educational approach to prevention. The information contained in the program is intended to not only meet federal requirements but also make students and employees aware of the College's expectations regarding alcohol and other drugs.

The College has entered into a partnership with ComPsych. Through ComPsych students have counseling services available 24 hours a day, 7 days a week. Students have the ability to talk to a counselor online or be connected with a counselor in their local community. In addition to counseling, ComPsych provides an extensive resource room center which covers a wide range of wellness topics.

Alcohol Awareness and Drug Awareness online training programs are issued to all students. All new students are expected to complete AlcoholEdu. AlcoholEdu is an online alcohol and drug education and sexual violence harm-reduction course. The course takes an informative, educational approach to assist students in making informed decisions for themselves, supporting their classmates and assisting their own family members.

Additional courses may be assigned to continuing students on an annual basis. Subsequent courses build on the knowledge gained in AlcoholEdu and address additional topics in more depth. Additional courses include Student Mental Health, Sexual Assault Prevention, and Alcohol and other Drug Abuse.

Educational materials, printed brochures, flyers, and other resources related to alcohol and drug abuse are available through the ComPsych Resource Center. Student Services staff work closely with students to ensure they are aware of the available campus and community support systems, resources, and services.

South College encourages students to get involved on campus in order to maximize their college experience. Through a variety of events, services, and resources, students are provided opportunities to connect to the college and to other students. Student Activities promotes a sense of community and loyalty to the college while serving to enhance the social, intellectual, and developmental growth of students as individuals and members of the South College community. All college sponsored student events are alcohol and drug free and designed to enhance students' overall experience and support their educational pursuits.

A Drug/Alcohol Free Workplace online training program is issued to faculty and staff via the Paylocity Learning Management System as part of new hire onboarding. The training covers the effects of substance abuse, signs of substance abuse, and a description of the health risks and symptoms of commonly abused drugs.

To assist students and employees in determining if they or someone they know may have a problem or potential problem related to drug or alcohol abuse, the following questions may be answered.

*Do you or does someone you know...*

1. Drink or use drugs to forget about problems?
2. Drink or use drugs to feel relaxed or comfortable around other people?
3. Have family members with drug or alcohol problems?
4. Ever feel guilty about drinking, drug use or behavior exhibited while under the influence of alcohol or other drugs?
5. Have conflicts with friends after drinking or using other drugs?
6. Ever have trouble remembering what was done or said while drinking or using other drugs?
7. Ever get drunk or high after making a conscious decision to stay sober/straight?
8. Drink until there is nothing left to drink, or use other drugs until the supply is exhausted?
9. Ever miss class or work because of a hangover?

An answer of yes to two or three of these questions may indicate that you, or someone you know, could be at risk for an alcohol or other drug problem.

Alcohol and Drug Abuse resources information is available via this *Annual Security Report* and via the *Alcohol/Drug Free School Policy (Drug and Alcohol Abuse Prevention Program)*; both are available via the South College website (<https://www.south.edu/consumer-information/student-services/>). Students desiring assistance should contact the Director of Student Affairs/Success. Employees should contact the Human Resources Department.

#### Health Risks Associated with Alcohol Use

Ethyl alcohol, the form of alcohol found in beer, wine, and liquor, is a psychoactive drug as powerful as even the most notorious drugs. It is classified as a depressant and is capable of producing a general reversible depression of the central nervous system. Approximately one in ten people will find it difficult to control consumption, will have continuing problems associated with its use, and will develop the disease of alcoholism. Even those who do not eventually develop alcoholism can experience and/or cause considerable harm to themselves, others, and the community. Those individuals with a family history of chemical dependency face a significantly higher chance of developing alcoholism or other forms of drug addiction. Low doses of alcohol significantly impair the judgment and coordination required to safely operate a motor vehicle. Moderate to high doses cause marked impairments in higher mental functions and alter a person's ability to learn and remember information. Very high doses cause respiratory problems and death.

Women who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, alcohol use has been found to be significantly related to the transmission of HIV, the virus that causes AIDS, sexually transmitted diseases, unplanned pregnancy, fighting, assaults, vandalism, and the occurrence of acquaintance rape and other crimes.

#### Health Risks Associated with Drug Use

- Cannabis (Marijuana, Hashish): The use of marijuana may impair or reduce short-term memory and comprehension, alter sense of time, and reduce coordination and energy level. Users often have a lowered immune system and an increased risk of lung cancer. The active ingredient in marijuana, THC, is stored in the fatty tissues of the brain and reproductive system for a minimum of 28 to 30 days.

- Hallucinogens: Lysergic acid (LSD), mescaline, and psilocybin cause illusions and hallucinations. The user may experience panic, confusion, suspicion, anxiety, and loss of control. Delayed effects, or flashbacks, can occur even when use has ceased. Phencyclidine (PCP) affects the section of the brain that controls the intellect and keeps instincts in check. Because the drug blocks pain receptors, violent PCP episodes may result in self-inflicted injuries.
- Cocaine/Crack: Cocaine users often have a stuffy, runny nose and may have a perforated nasal septum. The immediate effects of cocaine use include dilated pupils and elevated blood pressure, heart rate, respiratory rate, and body temperature, followed by depression. Crack, or freebase rock cocaine, is extremely addictive and can cause delirium, hallucinations, blurred vision, severe chest pain, muscle spasms, convulsions, and even death.
- Amphetamines: Amphetamines can cause a rapid or irregular heartbeat, tremors, loss of coordination, collapse, and death. Heavy users are prone to irrational acts.
- Heroin: Heroin is an opiate drug that causes the body to have diminished pain reactions. The use of heroin can result in coma, or death due to a reduction in heart rate.

### Penalties and Sanctions for Illegal Possession of a Controlled Substance

### **Registered Sex Offenders**

The Federal Campus Sex Crimes Prevention Act and the Tennessee College and University Campus Sex Crimes Prevention Act of 2002 require that whenever a sex offender becomes employed, enrolls as a student, or volunteers at an institution of higher education in the state of Tennessee, he or she must complete or update the Tennessee Bureau of Investigation (TBI) Sexual Offender Registration/Monitoring form and deliver it to TBI headquarters in Nashville. As defined in section 40-39-102 of the Tennessee Code a sexual offender means a person who is, or has been, convicted in this state of committing a sexual offense or who is, or has been, convicted in another state or country, or who is or has been convicted in federal or military court, of committing an act which would have constituted a sexual offense if it had been committed in this state. A sexual offense means the commission of acts including, but not limited to, aggravated and statutory rape, sexual battery, sexual exploitation of a minor, aggravated prostitution, and kidnapping.

Both sex crime prevention acts designate certain information concerning a registered sexual offender as public information and therefore amend and supersede the Family Educational Rights and Privacy Act (FERPA) and other federal and state laws that previously prohibited the disclosure of such personal information.

In compliance with the Federal Campus Sex Crimes Prevention Act and the Tennessee College and University Campus Sex Crimes Prevention Act of 2002, members of the campus community may obtain the most recent information received from the Tennessee Bureau of Investigation (TBI) <https://www.tn.gov/tbi.html>, the North Carolina State Bureau of Investigation <https://www.ncsbi.gov/>, the Georgia State Bureau of Investigation <https://gbi.georgia.gov/>, the Florida Department of Law Enforcement <https://www.fdle.state.fl.us/Investigations.aspx>, and the Indiana State Police Intelligence and Investigations <https://www.in.gov/isp/headquarters/intelligence-and-investigations/> concerning sex offenders employed, enrolled, or volunteering at this institution.

Information is also available on the TBI's website listing of sex offenders: Sexual Offender Search at <http://www.tn.gov/tbi/topic/sex-offender-registry-search>, the NC State Bureau of Investigation at <http://sexoffender.ncsbi.gov/>, the Georgia Sex Offender Registry at
